

1 Process Overview

Describe your process:

How often is the process performed?

2 Containment Needs

Select all that apply:

Chemical Vapors Dust / Particulates Both

3 Chemical Details

What chemicals are being used?

Do you have Safety Data Sheets (SDS) available?

Yes No In Progress

4 Chemical Usage Volume

Total volume used per week (mL or L):

Estimated volume evaporating per week:

5 System Preference

Preferred ventilation type:

Ducted
Vented to outside **Ductless**
Filtered recirculation **Not Sure**
Need recommendation

6 Walk-In Hood Dimensions (W x D x H)

Enter required dimensions (inches or feet):

Width (W)

 in / ft

Depth (D)

 in / ft

Height (H)

 in / ft

7 Additional Notes / Special Requirements

Electrical needs, access panels, pass-throughs, or other requirements:
